

## HG-CL series Canopy Lights

### HG-CL10

#### [Main Features]

- Simple appearance with classic black and white color match providing a comfortable vision.
- Immune to harsh environment with anti-corrosion aluminum materials.
- Built-in chimney effect thermal management system solving the problem of heat dissipation ability decrease caused by dirt retention.
- Patented modular structure to realize power serialization by changing module Qty.
- High luminance, uniform and soft light prevent visual fatigue.
- Flexible application for various space with ceiling installation.

#### [Technical Parameters]

System Power	33W, 62W, 93W, 123W, 155W, 185W, 216W, 246W, 277W, 308W
Input Voltage	AC 100V-277V
Power Efficiency	90%
Power Factor	0.95
CRI	Ra≥70
Working Environment	-35 °C~+50 °C, 10%~95% RH
LED Life Span	> 50,000 hours
Surge Protection	Build-in 4KV
CCT	5000K
LED Brand	Cree Lumileds
Material	Aluminum Alloy
IP Rating	IP65
